VOLUNTEER & OTHER CAUSES

Open-Source

Member

Portuguese Digital Volunteers in Emergency Situations - (VOSTPT)

Data Science for Social Good Portugal - (DSSG-PT)

Dec 2018 – Present Flutter Portugal

Organizer

Brings together those who wish to learn Flutter and advocate the technology in Portugal, through talks, workshops and other events all over Portugal. (flutter.pt)

Mar 2018 – Present Lisbon Tech League

Organizer &
Mentor

The goal of Lisbon Tech League is to have a place where to find all Lisbon's tech groups that share the same mindset and love for knowledge. We also have a goal to help new communities to give them the support that 'older' community organizers didn't have when they started, helping them with common problems and to help them grow. (lisbontech.org/)

	<i>Dec 2015 – Present</i>	Google Developer Group Lisbon
<i>Organizer</i>	I have been organizing community events from monthly tech talks to big conferences, giving workshops and being public speaker. (gdglisbon.xyz)	
	<i>Jan–May 2012</i>	MySocialProject
<i>Project Manager</i>	Challenged to create a social network from scratch to help connect Volunteers, Causes and Companies.	

COMPUTER SKILLS

<i>Languages</i>	Python, Dart, Kotlin, Java
<i>Frameworks & Platforms</i>	Android SDK, Flutter, Django, TensorFlow, Scikit-learn, Firebase
